

GEORGIA SHERIFFS' YOUTH HOMES

The Georgia Sheriffs' Youth Homes was established to give our state's most at-risk children the love, safety, and stability needed to become mature, successful adults.

During the late 1950's, Georgia sheriffs became increasingly concerned about the growing number of abandoned, neglected, and abused children. They understood it was vital, not just for the children, but for our state, to give these disadvantaged youth the chance to grow up in a loving and secure home environment.

There are five Youth Home campuses across the state in which residents live in a structured, loving environment. The children attend public school and are offered spiritual and moral teachings. They also receive valuable training and services to help them grow into responsible, successful adults including:

- Life Skills Training: The children in our program contribute to the home environment while learning to cook, and clean, as well as money management – all practical skills they will need to live productive and responsible lives.
- Educational Support: Daily academic tutoring, research training at the library, summer learning programs, college and vocational school scholarship options and more.
- Recreation: Children are involved in extra-curricular activities in school and the community such as outdoor adventures including camping, attending professional sporting events, movies, and other structured programs and field trips.

Georgia Sheriffs' Youth Homes has also created Camp Pioneer, a unique outdoor program on the Pineland Campus in LaGrange. The summer camp is offered to children who would not otherwise have the opportunity to enjoy an outdoor, recreational experience.
